Experience /Internship

AICTE supported by EduSkills Academy   **Remote**
Web Full Stack Developer Intern   *April 2025 − June 2025*
- Developed and deployed a full-stack web application from concept to completion using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Designed and implemented responsive, user-friendly front-end components with React.js and Tailwind CSS, ensuring a seamless experience across all devices.
- Integrated APIs and used Git for version control, gaining hands-on experience with modern frontend development and UI/UX best practices.

Datopic Technologies Private Limited   **Noida, Uttar Pradesh, India**
Frontend Developer Intern   *November 2023 − March 2024*
- Improved the Datopic.ai website by adding new features, fixing bugs, and making it more responsive for a better user experience.
- Built clean, interactive UI components using HTML, CSS, JavaScript, ReactJS, and Material UI, replacing static visuals with smooth animations.
- Integrated APIs and used Git for version control, gaining hands-on experience with modern frontend development and UI/UX best practices.

Projects

Datopic.ai Website
HTML, CSS, JavaScript, React.js, Material UI   *Organization Project*
- Enhanced the Datopic.ai website by adding new features, fixing bugs, and improving responsiveness across devices.
- Built reusable React components and integrated REST APIs to deliver dynamic, data-driven content.
- Replaced static visuals with engaging CSS animations, boosting user engagement and visual appeal.
- Collaborated with designers to convert UI/UX wireframes into functional, responsive web pages.

Blog Platform
HTML, CSS, JavaScript, React.js
- Built a responsive blog platform allowing users to create, edit, and view posts using modular React components.
- Built the interface using React.js with reusable and organized components.
- Used local storage to store and manage blog data on the client side.
- Designed a clean, responsive layout using HTML and CSS for a smooth user experience.

Personal Portfolio Website
HTML, CSS, Bootstrap, JavaScript, React.js
- Created a personal portfolio website to showcase projects, skills, and achievements.
- Built responsive pages using Bootstrap and React.js with reusable components.
- Designed a clean, responsive, and user-friendly interface using HTML, CSS, and JavaScript.

Retail Sales IT Project (IoT Based)
IoT, Python   *Academic Project*
- Developed an IoT-based system to track retail sales and inventory in real time.
- Processed the data using Python and showed it on a dashboard.

Leadership

- Managed the responsibility for enhancing the user interface and functionality of the Datopic.ai website in internship.

Certifications

- **Certificate of Completion, Full Stack Web Development Internship** - AICTE & EduSkills Academy.
- **Certificate of Completion, Frontend Developer Internship** - Datopic Technologies Private Limited.
